Zoning Amendment Staff's Proposed Statement of Consistency and Reasonableness

Case No. **UDO Proposed Amendment #2017-1**

Applicant **Red Apple Development, LLC**

Proposed amendment **Amend Section 2.2 (Use Table) to make elementary and secondary schools a permitted use in the B-N and B-G districts**

This proposed amendment **is consistent** with the Lincoln County Comprehensive Land Use Plan and other adopted plans in that:

Guiding Principle 3 of the Land Use Plan calls for integrating community facilities, including schools, into the planning process for new and expanded residential, commercial and industrial developments.

This proposed amendment **is reasonable and in the public interest** in that:

Business districts are traditionally the center of communities. Other civic facilities that serve children, such as day care centers, are already permitted in business districts. While traditional public schools are often located in residential districts, charter schools sometimes locate in business districts.
