

PAINT DISPOSAL

LATEX PAINT

- ~ Can be brought to the main landfill as a liquid to be reused.
- ~ If being taken to a convenience site: must be completely dried to a solid. This can be done by adding sand or cat litter to the paint to absorb the contents.

OTHER PAINT

- ~ If being taken to a convenience site: must be completely dried to a solid. This can be done by adding sand or cat litter to the paint to absorb the contents.
