## **Lincoln County Announces Additional COVID VACCINE DRIVE THRU CLINIC**

Lincolnton, NC –

Lincoln County will provide an additional COVID-19 mass vaccination clinic on Saturday, January 23 from 8:30am until 12pm at the Lincoln Charter School-Denver Campus located at 7834 Galway Lane, Denver. This clinic is open to those residents who are 65 years or older. Pre-registration for individuals who meet the criteria is required and can be completed through an automated appointment system on-line.

For those 65 and older, you can go to [www.lincolncounty.org/covidvaccine](http://www.lincolncounty.org/covidvaccine) and click on 1.23 Vaccine Event link to schedule your appointment. You can also type the address in your browser.

Appointments will be on a first come, first served basis. This event will be limited to 250 appointments only. This will be checked by a valid ID. The vaccination clinic will operate until all scheduled appointments are met if there is any delay during the event. Due to the nature of this clinic, individual times for appointments do not occur. Vaccines will be administered by drive-thru and in the order of traffic arrangement. Law enforcement will be onsite to help manage traffic and vehicles.

County officials are stressing that the clinic is only for those who have pre-registered in an effort to keep a manageable amount of cars and patients moving through the vaccination site. Identification will be required. Those that show up without an appointment will be turned away to ensure that everyone who has reserved their appointment can get a vaccine. There will be no exceptions for those that do not pre-register.

Lincoln County plans to provide additional mass vaccination clinics as needed and all future dates will be provided in future press releases, listed at [www.lincolncounty.org](http://www.lincolncounty.org) under the tab COVID-19 Vaccination Information and on the Lincoln County Health Department Facebook and Instagram sites.
