Appointments will be on a first come, first served basis. This event will be limited to 300 appointments only. This will be checked by a valid ID. The vaccination clinic will operate until all scheduled appointments are met if there is any delay during the event. Due to the nature of this clinic, individual times for appointments do not occur. Vaccines will be administered by drive-thru and in the order of traffic arrangement. Law enforcement will be onsite to help manage traffic and vehicles.

Clinic is only for those who have pre-registered and identification will be required. Those that show up without an appointment will be turned away and there will be no exceptions for those that do not pre-register.

Mass vaccine clinic dates and locations are determined based on notification of vaccine allocation from State officials and the ability to mobilize the clinic safely and effectively. Lincoln County plans to provide additional mass vaccination clinics as needed and all future dates will be provided in future press releases, listed at www.lincolncounty.org under the tab COVID-19 Vaccination Information and on the Lincoln County Health Department Facebook and Instagram sites.
