

LINCOLN COUNTY DEPARTMENT OF PUBLIC WORKS

115 WEST MAIN STREET, 2ND FLOOR CITIZENS CENTER, LINCOLNTON, NORTH CAROLINA 28092

PHONE (704) 736-8495

Dear Property Owner:

Lincoln County Public Works is excited to announce that we are providing a 12 inch water line loop on the Lincoln County Water System to the following locations (see below map):

1. Reepsville Road near the Intersection of Andy Logan Road to the Intersection of Hoover Elmore Road (adjacent to the Union Elementary School).
2. Hoover Elmore Road from the Intersection of Reepsville Road to the Intersection of Cat Square Road.

The Lincoln County Water Line Project should begin construction on or about August 2, 2021 and should be substantially completed on or about July 3, 2022. County Water would be available at that time and Fire Protection for the above areas would be increased. This crucial Public Works Project will also provide increased reliability for the Water System.

During the above time period there will be water line construction along the above mentioned NCDOT Roadways which could result in minor traffic delays. Lincoln County Public Works apologizes for any delays associated with the above water line construction.

If you have any questions or concerns about the new water lines mentioned above please contact our office at (704) 736-8495 and speak to one of our Public Works Staff.
